

SURGICAL EQUIPMENT

Surgical Consumables

Single-use items that keep theatre lists running — sutures, scalpel blades, drapes, gowns, gloves and dressing packs. Products are supplied sterile with lot numbers and expiry dates printed on every pouch. Bulk contracts and scheduled replenishment are available for hospitals.

Highlights

- Sterile individually pouched
- Lot & expiry traceability
- Absorbable and non-absorbable sutures
- Bulk supply contracts

Applications

Operating theatre • Wards & dressing rooms • Emergency department

Products in this range
